Adobe Illustrator 2020 v24.2.3 for macOS Review

Adobe Illustrator 2020 v24.2.3 is the industry standard-program for exploring the new worlds in graphics designing. This impressive and quality program especially developed for creating logos, icons, drawings, typography, and illustrations for print, web, video, and mobile. Millions of designers and artists use Illustrator to create everything from web icons and product packaging to book illustrations and billboards. Anything that digital artist can imagine in graphic designing is achievable with this professional program.

Its impressive set of drawing tools empowers you to turn simple shapes and colors into sophisticated logos, icons, and graphics. Illustrator artwork is vector-based, so it can scale down for mobile screens and up to billboard size and always look crisp and beautiful. Using its professional logo designing tools, you can incorporate a company name into a logo, create a flyer, or mock up a website design. You can also add effects, manage styles, and edit individual characters to create typographic designs that perfectly express your messages.

Moreover, you can also create freehand drawings, or trace and re-color imported photos to turn them into works of art. Use your illustrations anywhere, including printed pieces, presentations, websites, blogs, and social media. Just like that you can also create up to a thousand artboards on your canvas, and select multiple artboards at one time to move, resize, and more. Taking everything into account, Illustrator 2020 v24.1.3 for macOS is the only companion on the journey of creating impressive logos, icons, drawings, typography, and illustrations for print, web, video, and mobile.
